It should be really simple.

You will need to Search and then choose your spot. There is some information listed for each spot, (i.e. type, pad length, electric amps, etc.) You will need to put 6/2/19 through 6/9/19 no matter what day you plan to show up, this will give you the rates we have agreed to. Camping and stalls are in alphabetical order. Unfortunately, their online program will only let you purchase one stall or camp site at a time.

WE will be using stall barns 1-6 only. If we need more we will open more. Stud stalls are labeled, but will be stall numbers 12-19.

The campgrounds are also numbered and as you identify the space you want, it will pop up a 'RV Space #', as well as some information about the space, (i.e. 50 amp electrical, water & sewer, along with length of sewer hose needed and type of electrical plug needed).

THESE ARE NOT refundable reservations, so be sure this is what you want before you 'check out'. In the case of emergencies, each case will be handled independently by the WHSRA and the Cam-Plex.

On the CAM-PLEX website: www.cam-plex.com under the 'ABOUT CAM-PLEX' tab you will find a list of Staff, with contact information, a facility map, and other information. Please contact them if you are having problems with the online registration, or email Dixie at djhuxtable@yahoo.com.

Maps of the campgrounds and stall barns with space #'s are included in this on-line reservation packet!

Thanks!
